As you may notice the unicorn shield pattern that have previously been released was not complete. Finally someone did it, Lee Gunawan send the pattern to me, plus he also had to enlarge the pattern of Hyper Bazooka. But the pattern that Lee made is in A3 size, so it can not be printed with the regular home printer (A4/letter format), the printer must be larger printer (A3). Photos below are Lee Gunawan with his Unicorn shield and bazooka at his home garage and Elysa Littrell with Lee's Bazooka paper model in JAPAN OVERDRIVE "GRAND FUSION" event Surabaya.
