This cube figurine paper craft template was submitted by Arif Cahyadi a "PERI Jogja" member. When he searched for Euro mascot paper craft on the net, he only found Slavko then he thought about building it but he finally decided to make his own version both Slavek and Slavko. Arif said this is his first attempt on creating paper craft, so he choose cube form, the easiest one. The template is in PDF format, 4 pages template and 1 page assembly instructions. A display stage also included in this file. I say Arif is clearly inspired by cube paper crafts that are around on net.
