This model was submitted by Dani Hamdani, he recolored Paper Replika C-130HC with US Coast Guard livery into C-130H-30 TNI AU livery. The real Hercules is operated by 17th Squadron VVIP based on Halim Perdana Kusuma AFB. I also found a video on Youtube that shows Hercules that using this livery color, go to 2:41 it is the ninth plane that take off that day. Both paper model photos below were assembled by Dani.
